### 'Stick-Ons'™

'Stick Ons'™ are like rub on's only better... why are they better you ask? Because we made them that's why! No, actually 'Stick Ons'™ will look fantastic on any scrapbook medium and are easy to place with our clear positioning tape. There are no 'bleed' margins or 'filmy' sticker space to hold the pieces together. Our positioning system allows you and your customers to place multiple pieces in beautifully arranged patterns onto your project in one easy step. These are absolutely stunning on those acrylic albums that you are ordering!
